Reviews

I actually started out looking at this publication. It normally is not going to cost too much. I am just happy to let you know that this is basically the finest publication i have got read through within my very own life and may be he very best publication for possibly.

MoshPit Publishing, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Remixed Relics, a novel masquerading as a collection of slippery tales , is the story of a man under the influence of music, books and ideas struggling to keep his head above water while reaching for the stars. When manic music-collector Gus Adams (known as Grasshopper, Grungy and Gee Gee among other things) runs into a distracted story-collector in a Sydney shopping mall in 2010 he realises it s the opportunity he s been waiting for. Gus launches into a series of semi-detached stories about his life as a baby boomer, mixing the sublime with the ridiculous as he races through the decades like a runaway train. Beginning with a surreal account of the events leading up to his conception as a wooden hero with a thousand faces , the first tales describe Gus s discovery of myths, girls, the arts and alcohol. The narrative then picks up speed, jumping from one theme to another as the bibulous bibliophile bonds with his blue-collar father, goes bush on a rescue mission, and then rejects suburbia for an inner-city Bohemia with cosmic vibes and zero gravity. On the rocky road from Rockdale to rock star and rock bottom, Gus and his avatars often lose the plot. We rely on other people (Gus s mate, Higgsie, his mother, Eva) to pick up the tangled thread of the on-road and off-the-rails adventures. The protean protagonist is so preoccupied with devils, dragons, nymphs and Minotaurs he barely sees what s in front of his over-sensitive nose. Craving, yet afraid of, change, Gus slips and slides into pools, pits and panic attacks, slowly realising that a long dry season would be infinitely...
