How did a Russian scientist left for dead in a mortuary for three days make contact with a sick baby. and wake up with a cure that all the doctors had missed? What about the Indian girl with memories of a past life. who astonished her former husband by reminding him how he had borrowed money from her just before she died? Or the Australian woman who recalled past-life details of a stone carving on the floor of a small cottage. and was able to locate it under decades of chicken droppings when brought to England for the first time? These amazing reports are not new age mumbo jumbo. They have all been properly recorded and investigated by professionals. And they will make you think long and hard about who you are and what you are doing here. This is a shorter, more accessible version of The Big Book of the Soul.
