With graduation, a wedding, a pregnancy, and a college decision in store, the end of high school is harder and more emotional than Alice ever imagined. It's the last semester of senior year, and while Alice and most of her friends are out looking for prom dresses, another classmate is shopping for a wedding dress with room enough for a baby bump. It's strange to see someone she's known for so long make the big leap into adulthood. Till death do us part won't be coming out of Alice's or Patrick's lips for a long time especially because they aren't going to be able to even SEE each other for more than a year. Patrick is about to leave for Spain, and prom night could be the last time they're together until the following summer! But Alice isn't sure how memorable she wants to make it. Full of the ups and downs of being a teen and all the big and small moments along the way, Alice's senior year is something readers have been waiting for. Will graduation feel like the end of childhood. . . or the beginning of something new This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
