Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This course workbook takes the student on a step-by-step journey to move towards healing post-divorce. First, it teaches you how to change your mind-set about why you got a divorce, and how the real answer to that question can change your feelings, and your actions towards your ex. Next it explores the importance of giving yourself time to heal and to develop yourself. Finally it finishes with how to become a better parent, how and when to date, and how to ensure that you are putting your children first when doing so. Once completed the student is well on their way to defining and becoming the kind of person they were meant to be now that they've been given this fresh start. The course takes just one hour to complete. Each lesson focuses on not just what you should be doing for each step and each lesson, but why, what the benefits are, and why not following the steps can ensure that you leave your marriage but continue to stay in limbo instead of moving towards God's plan for your life. The course challenges the student to do the work, to think, and to seek God--not to just look for a quick fix or a two-step plan to healing but to appreciate the journey and the experience gained as you travel towards healing. The course includes six video lectures and a fully designed course workbook complete with course goals, course summary, lecture description, instructor bio, introduction, six exercises, and conclusion. The course already has over 500 students. Here are a few of their reviews. I was very pleasantly surprised by how helpful this course was. I...
