Filesize: 8.76 MB

Reviews

It is really an incredible publication which i have possibly read. It is amongst the most incredible publication i actually have read through. I found out this pdf from my i and dad recommended this publication to discover.

(Abigale Ruecker)

THE THEORY AND PRACTICE OF TAXATION (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Theory and Practice of Taxation Of Mr. Well s writings on economic subjects nothing remains to be said. They have a position of their own, and have deservedly attracted much attention and high commendation at home and abroad. For many years he had in contemplation a work on taxation, which should contain the record of his own experience in practical contact with State and national tax systems, and of his studies and conclusions drawn from the history of taxation in other countries. Strong in critical ability and enjoying wide opportunities for obtaining material, he sifted the facts and theories with a view to combining the best of both into a volume which might serve as an account of existing tax methods and as an index or guide to a better system. Some of this material he used from time to time in connection with current discussion; but the greater part appears in these pages for the first time. It is unfortunate that he did not live to give the chapters their final form, but the work was practically complete when he laid down the pen. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
