Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Workingman s Insurance The publication of a work upon a subject in which the American public has as yet manifested but comparatively little interest, and concerning which the American literature consists of a single government report and one or two articles in periodicals, demands that something be said in explanation of its production. Though the question of workingmen s insurance is one that is but barely entering upon the stage of discussion in this country, in Europe it has assumed a position of great practical importance. To-day there is not a country on the Continent in which this question does not occupy the foremost place among measures actively considered for improving the condition of the laboring classes. In the modern movement for economic reform there is probably no one subject that offers so many features of paramount importance. As a social measure, it presents the most radical step to improve the condition of the laboring classes that has been undertaken since the rise of the modern industrial system. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
