On the Edge of Flight: A Lifetime in the Development and Engineering of Aircraft (Hardback)

By Eric William Absolon

Pen Sword Books Ltd, United Kingdom, 2013. Hardback. Book Condition: New. 234 x 160 mm. Language: English . Brand New Book. This is the story of Eric William Absolon, a relentlessly enthusiastic Aviation champion, whose lifelong love of aircraft has never wavered throughout his long and varied career. From boyhood fascination to the adult realization of his ambitions, this first-hand account takes in some of the key events of the dynamic period of twentieth century history which the author lived and worked through. Working his way up the ranks of the Gloster Aircraft Company, Absolon was able to see all the component processes of Aircraft production. The insight he provides into the inner workings of this bustling center of Twentieth Century Aircraft production is unparalleled in modern accounts. Anyone with a fascination for the secret life of Aircraft is in for a treat here as the author relays his working experiences at the creative hub of the industry. His experiences including involvement with the post-war Drop testing of Meteor aircraft, working closely with these infamous vehicles of war in his role as Chief of Engineering Research, as well as an involvement with the more commercial side of Aviation production, a...
